**UTICA, N.Y.(WKTV) - College students got to work with elementary and middle school students Monday morning at the Children's Museum all in an effort to get the youngsters excited about science.**

**Hamilton College Outreach Adventure students assisted children in putting together several cool "STEM" exhibits.**

**"STEM" stands for Science, Technology, Engineering, and Math.**

**Children ages 5-7 got to work on a Mars Rover Lego set while 8 and 9-year-olds got to work with electricity. Meanwhile, students ages 10 and up got to work on a rock tumbler and a rocket robot kit.**

**The exhibits will be displayed in The Children's Museum's STEM room.**

**The Hamilton College students will be back at The Children's Museum, located at 311 Main Street in Utica, Tuesday morning.**
