

World Space Week Oct. 4th-13th at The Children's Museum

Come join us for our cool World Space Week activities, with something for kids of all ages to work on in teams. The United Nations has declared Int'l Space Week "To celebrate each year at the international level the contributions of space science and technology to the betterment of the human condition". The CM space projects will include: inventing or designing a game that can only be played in Zero-G; designing an animal to live on the imaginary new planet of Betelgoose; designing pop star Lance Bass' Int'l Space Lab module; & helping create an Imagine Mars Community mural on Oct. 11th & Mon. Oct. 13th.
